SPECIALIZED DOCKETS GUIDANCE

Family Dependency Treatment Court Guidance

This document has been created to guide family dependency treatment courts operating in juvenile and family court jurisdictions to the best practices for family treatment courts serving adult populations in civil jurisdictions. The resources outlined below provide the structure on how to best implement Ohio's certification standards, Appendix I to Sup.R. 36.20 through 36.32, to the policies and practices of a specialized docket. The Supreme Court of Ohio Specialized Dockets staff is available to provide any technical assistance or training needed to assist local courts with the application of the resources and best practices outlined below to the procedures and program documents of local dockets.
