Ohio Mayor's Courts

Chapter 1905 of the Ohio Revised Code permits mayors of municipal corporations populated by more than 200 people that are generally not the site of a municipal court to conduct mayor's court. In addition, municipal corporations with populations less than 201 may conduct mayor's court so long as the municipality is located entirely on an island in Lake Erie.

Mayor's courts, which are not courts of record, hear only cases involving violations of local ordinances and state traffic laws. Those convicted in a mayor's court may appeal their conviction to the municipal or county court having jurisdiction within the municipal corporation. Ohio law does not require mayors hearing cases to be attorneys.

Section 1905.033 of the Ohio Revised Code, effective Jan. 1, 2004, requires mayor's courts to register annually and file caseload statistics quarterly with the Supreme Court of Ohio. With the permission of the Ohio General Assembly, the Supreme Court has adopted rules providing court procedures and basic legal education for mayors hearing cases. These rules were adopted by the Supreme Court in 2004 and are published on the Supreme Court's website.

2016 Statistics

In 2016, there were 297 municipal corporations operating mayor's courts that reported activity to the Supreme Court. The populations of those municipal corporations are broken down in ranges within the table below. The village of Put-in-Bay, with a population of 138, is exempt from the 201 person minimum population requirement due to its location entirely on an island in Lake Erie.

Notes on the Data

<u>Courts that Submitted Fewer than Four Quarterly Reports</u>

The following mayor's courts did not submit a full set of quarterly reports and have not indicated whether they have discontinued operations:

- **Bridgeport** *(last report received was for the first quarter)*
- **Jacksonville** *(last report received was for the third quarter)*
- **Paulding** *(last report received was for the second quarter)*
- **Payne** *(last report received was for the second quarter)*

<u>Definition of "Clearance Rate"</u>

A court's clearance rate is a measure of its ability to keep up with its incoming caseload. The clearance rate, expressed as a percentage, is calculated by dividing the total number of terminations by the total number of new filings, transfers, and reactivations. The calculation does not include cases pending at the beginning of the year.

<u>Population Data</u>

All population figures contained in this report are based on the 2010 U.S. Census.
